“ *I will always remember Andrea as being a very positive and up beat person. She always went out of her way to make those around her feel welcomed. She was always helpful to me when I started school in Brookfield and was one of the first kids to introduce herself to me. R.I.P Andrea until we meet again may you watch over all of us and especially your beautiful little girl.*

“ *Andrea was my best friend for years. We have had similar pasts. Despite what some people think, I didn't influence her to do anything. I love her so much and just wish she would've talked to me!!!! She came to my house a couple weeks before and told me how much she loves me and basically told me bye. I was asleep when she got there and didn't get it at all then. There are so many unanswered questions. I loved her like a sister. She's the only person in my life that knew every single thing about me and I did about her, I thought. She will forever be in my heart!!*
