“ I grew up with Brenda in Jr. High and our teen years and she was truly a wonderful, loving caring, young lady! She will be missed even though we didn't see each other often, It was like the years faded away when we did! We had a lot of great times together and she was a great best friend, Tina and I Have spoken about her a lot and we three were best of friends! She has wonderful children and I know she was a good mother! She loved her children!!! Brenda will be missed dearly and she was loved deeply by all that knew her! RIP Brenda and sorry to her family and friends on your loss as well!
