“ *One never knows who God will bring into your life. It has been a blessing to know Carol for the past few years. She became like our own family. We enjoyed our visits with her at her apartment and in the nursing home. I enjoyed our conversations. I will miss those times.We always had prayer with Carol before we left. We just pray for Carol's family as we know she is in a better place. No more sickness and she breathing problems. I thank God everytime I remember her.*
