“ Carolyn was the most fun for an aunt when us kids were young. She always had a smile on her face and was always up for anything when we all got together as a family in Branson. She will be greatly missed, and was very loved.

“ Grandma Caroline was the best example to me of what a grandparent should be. The memories we made being at her house every holiday and summer break are some of my fondest. She let our imagination run wild. If we wanted a spa day outside she would hook up the hose and grab the shampoo. If making the bathtub into a bed for the night sounded fun, we could pile pillows and blankets in the tub and sleep there for the night. We never wanted to leave grandma's house. She was so delighted to be surrounded by her family and made sure that I always felt her love. I can see how her love for her grandkids shine through in the way her two sons do the most for their grandkids. She set a standard that anyone would be proud to achieve. Her spirit will of love and dedication to us will be what I hold in my heart and I will carry on that tradition with my own grandkids.

She was my Cub Scout den mother who was kind and caring and loving to all of us. Even though it's been decades since then I never forgot how kind she was and how she always had a smile on her face. May God Bless her and her family.
