“ I have wondered why I could not contact Darrell for the last few years but now I know. I went to work in the finance department at the City of Columbia and Darrell was my trainer and became my very best friend for many years. He was there for me through an emotional divorce and health problem I had. We both liked to fly small planes. The problem was neither one of us should have been doing that. I lost touch with Darrell some years back when he was candidate for a state position. I loved Darrell as my best friend now I wish I had tried harder to find him. His name came into my memory because I hope to get a job In Marceline, Mo. I knew I would find then. God bless you Darrell I know you are probably an auditor for him. I will probably see you soon and if possible you will be the first person I make contact with.

“ My Brother, my Best Friend. I'll love you for eternity and I'll miss you forever.

You were always there for me. No matter what. We enjoyed so many of the same things. I loved all of our trips together and the fact that no matter where I lived you always came to see me.

We had a special bond, Dear Brother. My life was always so much better because you were in it. You always made sure that I knew how much you loved me.

Tell Mom and Dad that I love them and I'm happy you are together again.

All my love forever and more. Until we meet again.....

Your loving sister, Jan.
