“ I will always remember Uncle James fondly. As a little girl, I felt he was a strong, macho man. One of the memories I have is our family running out of gas coming home from a late ballgame at Green City one summer night around 15 years ago. The gas stations in Green City were closed and we ran out of gas in New Boston. We went to Uncle James' house and he gave us gas and wouldn't take any money for it. I just remember the smile on his face (he probably thought we were crazy :) He will be missed, he was a good man willing to help anyone. Julie Kelley

“ One of James's part time jobs was pulling the Carters out of mud holes. He is one of the stalwart people from my memories of New Boston. He will be sorely missed.

“ I just learned of the loss of James and my condolence goes out to all of you. James was a friend and classmate of mine. I still have fond memories of playing with the neighbor Stroud kids down the gravel road from us. We all made our own fun back then, just a few of the things were, ice skating on a pond, camping in the woods, going through old deserted farm houses and wading in Yellow creek where I lost my brand new school shoes and with the help of Strouds they were found. James was my age and we palled around together and we had alot of fun, he will be missed by many but we all have our great memories of him. Wayne Bailey

“ James was certainly a one of a kind person. Always willing to help when need be. I will always remember James and Dorothy were some of the first people to arrive and help when my brother and mother passed away. As with so many other people in need James was there and ready to do whatever. Our community has suffered a great loss, our prayers are with James and all you family. Dorothy you and your family can be very proud of James
