“ To Janet's family,
As a nurse some patients touch my heart and Janet was one of those people. Her loving and kind personality stole my heart. She always made me smile even when she was feeling her worst. I have prayed for Janet and your family daily. I know she is at peace now and your family will have a very special guardian angel watching over you. You have my deepest sympathy in her passing. May you find comfort in the wonderful memories you have of Janet.
With deepest sympathy and sincerity.

“ I loved the bride my brother chose, and I always will. we made some great memories on trips, fishing at the farm, shopping, and enjoying Sunday lunches together many times, her cranberry salad was always a hit at any gathering, and her blackberry cobbler was like none other. I loved to watch her paint, she had such a natural talent. she was so smart, and could figure out any map she ever came across, so we could never really be lost in Colorado. I always thought her bright blue eyes were something special, and I loved the way she would raise her eyebrows what something funny was said. She had great wit, I think she got that from her Dad. So many things I will remember, life is not fair, and I struggle with that, but I know GOD has given her a wonderful place to live in heaven, and she feels no pain. Who doesn't long for peace and tranquility? and I believe that's in Heaven, and I know that I will see ehr again.
