“ *Julie was the best , When she worked at the country club she went above and beyond with the care she gave the kids at the pool. I don't know how many times she would call me and ask if it was alright for Marley or Cole to get an ice cream bar or tell me they were ready to come home. She'll be missed by many people.*

“ I gave birth to this beautiful person 48 years ago. We had our ups and downs over the same years but I loved her with all of my heart. I am sorry that I was not always there for you when needed.

Dear Phyllis, I am in South America and cannot get back there or access communication with any one else in Julie's family. You might be the only member I can find thru the link I was sent via a webmail site I can access from outside the country.

I am so sorry to get this news. I knew Julie for years before, but best as the manager at the restaurant-Brookfield Plaza. I also knew her in other capacities, for example she worked for my CPA.

I have no idea what happened and the last thing I want to do is make an explanation request at this time. The only thing I want to do is let all who could be comforted somehow know that I am praying for everyone who loved Julie. I know Julie is in the arms of God, where we will all be in a short time. But until we are all together again comforting each other in every way possible is what we have. I will be back in February, if there is something I can do then, please let me know. Jeff S. Wolfe
