“ I have extremely wonderful memories of my grandma. She was my angel and my rock. We were very close until we lost contact we both moved away and few years later before she got sick I found her after searching for her for so long. I sent her letters and pictures of me and her great granddaughter Emily. We were so happy to be in contact again after being so long apart. But I never for once in all my life ever forgot her and her beautiful smile or warm embraces that she gave me. She was the only grandma that I had who ever loved me and she new how my other grandparents dispised me for no reason. She really truly loved me and showed me all the time. I love you and miss you so much grandma you have and always will be in my heart. Rest In Pease grandma one day I hope soon I can come and visit you at your resting place. Love Always Your Granddaughter Kelli Green
