“ I am a fellow 1969 high school graduate and friend of Lowell's. Lowell was always friendly towards me in high school even though we didn't run with the same group. I met him again about twenty years after high school. He still had the same easy going smile and loved to laugh. I got to know him better after I moved my family back to Brookfield. I enjoyed his company whether fishing, hunting, or just hanging out. He always forgave my mistakes and I forgave his. I will miss him. RIP Lowell

“ He was my friend, my business partner and like my brother. Over the years we went different directions but always knew each of us was close by. I wish I had had a chance to pay my respects. I knew he is in a better place with MaMa, Betty and AL. Always treated me like family. Good Bye my dear friend.

“ *In high school and after he and I enjoyed our friends and memorable parties. Being in college in Atchison Ks while he attended college in St Joseph Mo afforded us the chance to see one another. He was a gentle and kind man. If God required another guardian angel then Lowell fits the bill.*
