“ *I worked with Roger for several years at LT York first, and Apex later.*

He had a wry sense of humor, and a way of finding something humorous regardless of the situation. He was also a car guy, and we often talked about cars and engines.

Above all else, he was a friend, the caliber of which aren't too common these days.

Godspeed Roger, and my sympathies and compassion go out to the family and loved ones.

“ I had the honor of teaching "Rogelio" as he took three years of Spanish with me while he was a student at BHS. In the upper level classes there were fewer students, so I had the chance to get to know him better and appreciate his intelligence and his charming wit! We have had the opportunity to see each other occasionally over the years and he always had time to stop and chat ... Which proved to me that he maintained that wit! I send my sincerest sympathy to all his family. A special hug to my sweet friend, Mrs. Bowen, and former student, Miguel.
