“ She always had something sassy to say! I took care of her at life care and every time I walked into her room she would look at me and say "oh if it wasn't trouble get your butt out of here!" Or be like OH MY GOSH WHAT DO YOU WANT! And would always roll her eyes at me and then tell me to get over here and give her a hug or she was gonna beat you!! Me and her roommate who was her best friend before they came in here set by her side and held her hand tell our last day with her! There is not a day I don't think about her she was like a grandma to me!
