“ I miss you so much already. My morning snaps, giving you crap about our stupid streaks, missing you singing to me every song or "Long Black Train" to Mom...I just can't imagine how we spent so much time together and have so few pictures. I got the most important ones of you and the big kids because you were one of them. I keep remembering the frog in the fan, watching scary movies or just a dumb one because we couldn't sleep. I just can't imagine this life without you. I loved you more than you knew. My best friend, my other "kid", part of my heart. Rest easy now Ty❤️

“ *My phone's so silent now* ”

No calls to come see what he found, or to show one of my kids the cool thing, no random chats almost every day

The world is so much darker with him not in it, I hope he found the peace, rest, and soul deep ease he so desperately needed

We love you Tyler Jordan <3
